

BIO

Electric, energetic and attentive to the crowd, DJ Rafal builds every set around the venue and the moment. Originally from Viseu, Portugal, and based in Geneva, he has been part of the Lake Geneva nightlife scene since 2015, moving between Hip-Hop, Afrobeats, Dancehall and Shatta. In 2026, he joins the Downtown Boogie (DTB) team and becomes a resident of DTB at D!

From Geneva and Lausanne to Lisbon, Viseu or Annecy, he has gradually taken his world beyond the region.

Along the way, he has also shared the bill with artists such as Lacrim, Dadju, Werenoï and Niro. From mainstream to more cutting-edge selections, Rafal keeps an open approach, able to adapt to very different crowds and atmospheres.
